<p><i>NOTE 1: In the 2010-2011 3rd Calculation, the "Total Funding - From Local" does not include \$227.4 million from the levy of the .25 "Critical Needs" operating millage. This, in turn, reduces the 2010-2011 Total Funds per FTE from \$6,899.32 (the actual 3rd Calculation figure) to \$6,811.71. The Reduction and % Change in Total Funds Per FTE reported here are based on use of these revised House and Senate figures for Total Funds per FTE. The actual reduction in total funds per FTE would be \$510.88 (7.4%) in the Senate Proposal and \$550.74 (7.98%) in the House Proposal.</i></p>			
<p><i>NOTE 2: The total reduction reflects cost reductions to school districts that would be realized through proposed changes to the FRS. These cost "savings" are projected to be approximately \$679 million in the Senate budget and approximately \$521 million in the House budget.</i></p>
