\* Total Funds includes FEFP, Categoricals, Lottery, & School Recognition **ONLY**

**FEFP NOTES:**

- <sup>1</sup> Both budgets continue practice begun in 2009-2010 budget of allocating Lottery funds to the FEFP. Both chambers allocate \$9,036,490 (6) for this purpose
- <sup>2</sup> Senate budget includes about \$243 million based on the assumption that all districts will levy the 0.25 “critical needs” millage for operations even though only 43 school districts currently levy this millage for this purpose. The Senate budget also relies on funding that is not yet available and/or has not yet been approved – such as gambling revenue and/or revenue that may become available contingent on federal action to extend Medicaid matching funds.
- <sup>3</sup> House budget relies upon approximately \$807 million in transfers from various trust funds and other sources
- <sup>4</sup> House Proviso: From the funds expended by a school district for personnel, school districts must reduce non-school assigned, non-classroom personnel by 20% or have reduced the salaries of these employees by 20% prior to the nonrenewal or dismissal of instructional personnel. However, a school district may terminate instructional personnel for cause or reduce instructional staff due to enrollment declines. Prior to the elimination of art, music, sports, or other extracurricular programs, the district must have eliminated payments or expenditures for all employee travel, cell phones, and Blackberries.
- <sup>5</sup> House Proviso: Currently sponsored charter schools may contract with the FLVS or with a DOE approved virtual instruction program provider for virtual instruction to be provided to currently enrolled students of the charter school.
- <sup>6</sup> House Proviso: School districts may use FEFP funding to implement web based community service hour tracking system.

**SENATE BUDGET NOTES:**

<sup>7</sup> The Senate has augmented its education budget with \$112,028,089 in additional allocations described in Section 92 of the budget. These additional allocations are contingent upon the extension of the enhanced federal Medicaid match. The additional allocations have been added to the allocations and statistics provided in the table above. However, in some cases (marked with an \* below), it is not possible to determine how the additional funds will be distributed among several entities within the line item. The significant allocations from Section 92 include (line item listed in parentheses):

*Transfer Voluntary Prekindergarten Funds to AWI (75).....	19,118,684
Early Learning Standards And Accountability (76).....	20,000
Florida Educational Finance Program (78). ....	47,500,000
Class Size Reduction (79). ....	12,500,000
*Instructional Materials (80). ....	75,115
Excellent Teaching (81). ....	28,450,000
Assistance to Low Performing Schools (84). ....	204,957
*Mentoring / Student Assistance Initiatives (85).....	261,458
School District Matching Grants Program (89). ....	81,994
Regional Education Consortium Services (93). ....	52,534
*Teacher Professional Development (94). ....	14,173
*School and Instructional Enhancements (95).....	154,095
School and Instructional Enhancements - Targeted Student	
Assistance Programs (95). ....	250,000
State Board of Education - Contracted Services (123). ....	968,000

In addition, Section 91 of the Senate Budget provides additional allocations for several adult and workforce education programs. It is not possible to determine the exact amount that will be earmarked for secondary schools since some of these allocations will be shared with post secondary programs. However, the additional allocations have been added to the allocations in the table above.

*Adults With Disabilities Funds (30).....	727,847
Performance Based Incentives (107).....	44,065
*Workforce Development.....	5,488,999
