SUBJECT: 2014 School Board Elections – General Election Results

FSBA has prepared a spreadsheet that provides the results for the school board races in the General Election. In addition, our spreadsheet shows the results of the superintendent election in Liberty County and the results of various school related referenda that were on the Primary or General Election ballot. This spreadsheet has been posted on the FSBA website on our State Government Relations page at <http://fsba.org/state-government-relations/>. FSBA staff has tried to supply the most accurate information possible, using data gathered from local school board offices and from the office of the Supervisor of Elections in each county. Below is a summary of the school board election results for 2014.
