

## School Board Pandemic Response Reference Guide

### FSBA Ad Hoc Committee

**PURPOSE:** The 2020 worldwide COVID-19 pandemic forced Florida's school districts to react immediately to a distance learning and online instruction and support services delivery format. This created unprecedented disruption in traditional schools' operations and will continue to demand alterations of traditional processes into the future.

This Ad Hoc Committee is created to develop a *School Board Pandemic Response Reference Guide* to help our members as they seek to solve problems innovatively, with new efficacy and an abundance mindset. This guide will provide questions and guidelines for boards to consider and discuss as they plan for the 2020-2021 school year.

The decisions that Florida school boards make in the coming months will help to create positive and lasting change throughout Florida's public school system. FSBA will continue to provide services to support school boards in their immediate response to ongoing challenges while developing this guide to assist boards in thinking toward the future.
