

## Outstanding Superintendent and School Board Member Receive Statewide 'Star' Recognition from Consortium of Florida Education Foundations

Two Florida school system leaders were recognized for their exemplary leadership by the Consortium of Florida Education Foundations (CFEF) December 4 at the 74rd Annual Joint Conference of Florida School Boards Association and Florida Association of District School Superintendents in Tampa. They were chosen from among several local nominees for championing community and business involvement in education through their local education foundations.

"We think it's important to celebrate the school district leaders who make it a priority to foster private-sector support of public education through their local education foundations," said Mary Chance, CFEF president and CEO. "This year's recipients are outstanding examples of the many individuals who advocate for our local education foundations and help us raise more than \$65 million annually to support our students, teachers and schools."
